The reply, filed 11/6/00, is not fully responsive to the prior Office action because of the following matters: The claims of this application contain underlining or brackets that are intended to appear in the printed patent or are properly part of the claimed material. The brackets or underlining are not intended to indicate amendments or changes in the claims. Under these conditions, proposed amendments to the claims may not be made by underlining words added or by bracketing words to be deleted. Accordingly, the proposed amendment to the claims has not been entered. See 37 C.F.R. § 1.121(d). Claims 36 and 51 have been proposed to be amended wherein brackets in the claims confusingly apparently are to remain in the final form of the claim. The proposed amendment to claims 36 and 51 have not been entered, however, the remainder of the amendment, filed 11/6/00, has been entered. It is suggested that applicants cancel claims 36 and 51 and submit new claims with the desired bracketing therein. Since the above-mentioned reply appears to be bona fide, applicants are given the time remaining in the period for response set in the last Office action or a ONE month time limit from the date of this letter, whichever is the longer, within which to complete the response. AN EXTENSION OF THIS TIME LIMIT MAY BE GRANTED UNDER EITHER 37 C.F.R. § 1.136(a) OR (b).
